

Forest Nursery - Operations Manager

PRT Hubbard, Hubbard OR, USA

Position Summary:

As a member of the local management team you will have the opportunity to work with the most innovative conifer seedling producer in the industry with a focus on customer satisfaction and continuous improvement. Reporting to the Nursery Manager, you will oversee all aspects of greenhouse and open compound seedling operations and lead an experienced team that takes pride in meeting our customer expectations. Your focus will include productivity, planning, continuous improvement activities, customer focus, safe work procedures, and promotion of PRT.

Compensation, Benefits & Workplace Culture:

- Highly competitive annual salary matching your level of experience and ability
- Bonus incentive program – up to 10% of annual salary
- Matching 401K program
- Comprehensive benefits package inclusive of extended health and dental
- Relocation allowance (if applicable)
- On site residence option
- Our PRT nurseries are vibrant and fun communities with employees who share a strong passion for the “green” nature of our business and doing their part in regenerating the forests of North America.
- We provide a supportive team structured environment, a strong safety culture, and a commitment to the environment.

Location:

PRT Oregon is located in Hubbard OR, a small town with a big heart. Hubbard is in Marion County about 45 minutes from Portland. The city of Hubbard offers excellent recreational facilities, including equestrian and wine tours, golf and nearby swimming pools in a welcoming climate. A quick drive east of the city to Mount Hood, Oregon’s tallest peak, offers four seasons of fun; from camping, hiking and fishing to nearly year-round skiing. Just 90 minutes to Oregon’s rugged coastline and quaint beach towns with family attractions such as public beaches, artistic enclaves, delectable meals and surfing. PRT’s Nursery location is a 28 acre site, with 30+ species, 70+ products, grown in greenhouses and outdoor compounds.

Knowledge, Skills, & Abilities:

The ideal candidate will have:

- A bachelor’s degree or diploma in horticulture, agriculture, or forestry is an asset but the equivalent combination of education and experience is also acceptable
- Five or more years of horticulture or crop production experience
- Must be fluent in both English and Spanish
- Experience leading and managing crop production teams
- Strong planning, organization, and time management skills
- Ability to problem solve and conduct root cause analysis
- Strong computer skills with proficiency in MS-Excel, MS-Word, and MS-Outlook
- Knowledge or experience with continuous process improvement in a production environment

About PRT USA:

PRT operates a diverse network of 16 nurseries in Canada and the United States enabling us to grow a wide variety of high-quality container forest seedlings for all climatic and site conditions. Annual production of 220 million seedlings makes PRT the largest producer of containerized forest seedlings in North America. We produce trees for customers from British Columbia to Ontario and Michigan to Alabama.
