

Texas A&M Forest Service

Position Title: Staff Forester II

Location: Lufkin or Hudson, TX

Salary: \$40,000 per year minimum plus benefits with B.S. or 42,500 per year minimum plus benefits with M.S.

Closing date: open until filled

Forester will disseminate knowledge about the establishment, productivity, and sustainability of forests to agency, consulting, and industry foresters; educate landowners and the public about the science, management, uses, and benefits of forests; provide silvicultural strategies for a range of ownership objectives; and develop prescription, modeling tools and methodologies. The forester will actively participate in the Agency's fire and emergency response program. Applicant must have a minimum of a bachelor's degree in forestry from a SAF accredited university. Master's degree in Forestry, Forest Ecology, or closely related course of study from a SAF Accredited program preferred.
