

## REGENERATION FORESTER – CA

Roseburg Forest Products Co. (RFP), an integrated timber and forest product manufacturing company, is seeking a Forester to join its professional forestry group. The position is located in Weed, CA.

As a Regeneration Forester, you will plan, implement and administer assigned silvicultural activities to meet or exceed standards set by RFP and state regulations. The majority of work will be plantation establishment, vegetation control, stand management activities, stand exams, and site preparation activities. This job is physically demanding, requires long days, and working on steep slopes in a wide range of adverse weather and field conditions.

Educational requirements are a 4-year degree in Forest Management, or a related resource field with a minimum 2 years of field experience. Preference will be given to candidates possessing RPF and PCA licenses but are not required. You must have good oral and written communication skills and knowledge of word processing and spreadsheet computer programs.

Applicant should be a self motivated individual who can keep good rapport with co-workers, agency representatives, and contractors. Most importantly, you must be excited, and take pride in growing trees.

If you are looking for an opportunity to contribute, and competitive salary and benefits; please complete the online application at <http://rfpcojobsa.iapplicants.com>.
