Use Optimizer systems to determine optimal cutting solutions.

Operate infeed deck and mechanical log turner for precise positioning and processing.

Scan and analyze logs to determine best cutting approach.

Assist with changing saws and perform routine oiling and maintenance on critical components.

Troubleshoot issues and conduct inspections during startups, shutdowns, and ongoing operations.

Communicate effectively with Debarker, Gang, and Resaw operators.

Maintain a clean, organized, and safe work environment.

Respond promptly to alarms, equipment sounds, and other operational signals.

Maintain high production quality and efficiency standards.

Proficiently grade saw Hardwood lumber.

Qualifications:

Proven experience as a Head Sawyer, preferably with circular saw operations.

Strong mechanical skills and ability to diagnose and resolve equipment issues.

Self-motivated, responsible, and capable of working independently.

Committed to maintaining high safety and quality standards.

Willingness to work in a physically demanding environment.

Why Join Us:

At Church and Church Lumber, we value hard work, competitive pay, and dedication. We offer a supportive work environment where skilled professionals can thrive and grow.
